

## REQUEST FORM FOR PERMISSION FOR WIDER CIRCULATION OF RESOURCES

To comply with copyright you will need to obtain the copyright holder's permission if for any of these resources you (i) want large-scale reproduction rights (over 100 copies); i.e. beyond the purchaser's team colleagues, or (ii) require a licence to make commercial use of the Institute's resources with third parties. Such a licence does not permit you to sell these resources to third parties, but does permit you to use them as part of charged-for training, facilitation and consultancy.
